

Zincirli Konveyör

Chain Conveyor

Цепной Конвейер

“Reliable Horizontal Transport for Continuous Production”

Our Chain Conveyors are designed for efficient horizontal transportation of bulk materials within feed production facilities. Their optimized chain and flight structure ensures smooth and uninterrupted material flow, minimizing spillage and maintaining high conveying capacity across long distances.

Equipped with precision-engineered drive systems, the Chain Conveyor provides stable, low-vibration, and quiet operation with reduced energy consumption. This efficient design supports continuous production processes while keeping operating costs low.

Constructed from high-quality, wear- and corrosion-resistant materials, the Chain Conveyor offers long service life under demanding industrial conditions. Easy access covers and simple chain tensioning systems allow fast cleaning and maintenance, reducing downtime and ensuring reliable, long-term performance.

Type Model	A	B	H	L	Z	Capacity (t/h) Kapasite				
KRM-CC 1630 S	755	755	300	160	600-800 1000-1200	33				
KRM-CC 1630 D				200		41				
KRM-CC 2030 S				270		56				
KRM-CC 2030 D				270		56				
KRM-CC 2730 S	805	805	440	270		600-800 1000-1200	84			
KRM-CC 2730 D							270	56		
KRM-CC 2744 S	835	835	500	320			600-800 1000-1200	110		
KRM-CC 2744 D								320	110	
KRM-CC 3250 S	885	885	600	360				600-800 1000-1200	144	
KRM-CC 3250 D									360	144
KRM-CC 3660 S	885	885	600	360					600-800 1000-1200	144
KRM-CC 3660 D										360

- * Gerdirme mil yatağı sadece S modellerde mevcuttur.
- * Tensinoing shaft housing is only available on S models.
- * Kapasite değeri 0.5 m/sn konveyör hızına göre hesaplanmıştır.
- * Capacity values are calculated based on 0.5 m/sec conveyor speed.
